ABOUT ME

I am currently a Third year student pursuing B. Tech degree in Computer Science (AIML). I am passionate about programming in Java, Data Structures and Algorithms (DSA), and web development. I enjoy exploring new technologies. I serve as the Software Team Lead at the Google Developer Group (GDG) on Campus RIT and am also an open-source contributor.

WORK EXPERIENCE

Google Developer Group (GDG) On Campus RIT

- **Lead of Software Team** **Oct 2025 - Present**
 - Leading project development and mentoring members in DSA, OOP, and system design fundamentals.
 - Conducting technical sessions on Java, C++, Git, and cross-platform desktop development using Electron.
 - Guiding application packaging and promoting best practices in version control and software architecture.
- **Co-Lead of Software Team** **Jan 2025 - Oct 2025**
 - Supported team leadership and mentored peers in Git, GitHub, and DSA fundamentals.
 - Assisted in project coordination, code reviews, and improving team development workflows.
- **Member of Software Team** **Jun 2024 - Jan 2025**
 - Built strong foundations in Data Structures and Algorithms through active problem-solving and collaboration.

EDUCATION

- **Rajarambapu Institute of Technology , Islampur** **2023 - 27**
I am pursuing B .tech in CSE (AIML) Engineering. My CGPA is 8.62 (5th sem)
- **Willingdon College, Sangli** **2021 - 23**
I have secured 71% in HSC board exam & 90 percentile in MHT-CET
- **Ideal English School, Miraj, Sangli** **2007 - 20**
I have secured 71% in SSC board exam

SKILLS

- Programming Languages: Java & Python
- Data Structures & Algorithms
- Full Stack Web Development (HTML, CSS, JavaScript, Angular js, Node.js, React, PostgreSQL)
- Machine Learning, Deep Learning & NLP
- Typescript, Electron, Cross-Platform System Design
- Problem Solving
- Time Management
- Communication Skills
- WordPress
- Docker & Jenkins

PROJECTS

- **Proxy-Resistant Real-Time QR-Based Smart Attendance System Capstone Project (Ongoing)**
Web Technology, Artificial Intelligence, Deep Learning (CNN)
- **Crop Recommendation System by using Machine Learning** with a Flask backend and a frontend interface
- **Travel Website** by using WordPress
web link: <https://cmtravelworld.netlify.app>
- **Food Recipe Website "Mom's Kitchen "** by using HTML, CSS, JavaScript, React, NodeJS

ACHIEVEMENTS

- Selected for round 1 in **The Big Code Challenge by Google** in Top 15,000
 - Lead of Google Developer Group (GDG) Software team On Campus RIT
 - NPTEL (IIT Kharagpur) Data Structures and Algorithm Using Java (12 weeks)
 - **LeetCode** : Solved 100+ DSA problems
-

CERTIFICATIONS

- **NPTEL DSA using Java (IIT Kharagpur) 12 weeks course**
- **Web Development by Udemy**
- **MongoDB by Geeksforgeeks**
- **GfG 160 Days of Problem Solving**
- Deloitte Technology Job Simulation
- Fundamentals Of Hardware by Bubble bye & Oyster kode
- AI Fusion (I was volunteer in 1st sem)

HOBBIES

- Programming
 - Learning new technologies
 - Travelling
 - Sketching
 - Gardening
 - Videography & Phtography
-
